Case Number: S1908000214 – REV. A

Release Date: 10/06/2020

Symptom/Vehicle Issue: Bluetooth Speaker External Charger

Discussion: The customer may notice the Gladiator Bluetooth speaker has an external charge port. The speaker does charge in the speaker cradle in the vehicle. An external charger is not supplied with the speaker due to the in car charge capability. Speaker shows charge input 16.5V and 2.7Amps. Aftermarket power supplies can be utilized but should not exceed the rated charge input of the speaker.
